## Dear Friend,

It is again time for spring cleaning! In March, Clean & Green kicked off the annual Great American Cleanup 'Take Pride in Pensacola' awareness campaign in downtown Pensacola. I appreciate that each of the 131 volunteers opted to take their time and assist in helping keep their community beautiful. We really have many folks that truly care. Don't miss our picture links and list of participating groups. The volunteers' collected 5340 lbs of trash and debris; contributing 390 hours!

This month, as we continue with our Great American Cleanup, we are concentrating on the North and West sides of Escambia County in the annual 'Team Up to Cleanup' events. as well as a project on the East side of the City. So for those of you living in those areas please come out and participate.

Sincerely,

Gwinn Corley  
Executive Director

#### Clean & Green Recycles Printer Cartridges

If you do not have a recycling program in place, please consider supporting ours. We are collecting used laser toner cartridges and inkjet cartridges. The money we bring in from recycling these helps lower our administrative expenses each year. Please bring your used cartridges by the office and we will see that they are recycled. If you would like a special pickup or a collection box for your business or office please contact us.
